TruFry **SMART CHOICE** Beyond Butter **SUPER WESSON** **LO-MELT** **SUPER QUIK-BLEND** **MFB** CRYSTAL

Wesson's TruFry Frying Oils are your first choice for deep frying applications. Produced with high-oleic canola oil, this fatty acid does not deteriorate as quickly in deep fryers and has a high heat tolerance, allowing for less changeovers in your kitchen.

High Oleic Canola Oil

- Provides a longer fry life
- Fewer oil changes saving both money and labor
- Light clean taste and resists flavor transfers
- 100% pure
- Non-hydrogenated and trans fat free
- Filtered cold or hot

High-Oleic Canola Oil and Cottonseed Oil

- Provides a longer fry life
- Fewer oil changes saving both money and labor
- Adds unique taste of cottonseed oil to your products
- Non-hydrogenated and trans fat free
- Filtered cold or hot
